

WHY HAVE I BEEN SENT HERE INSTEAD OF THE HOSPITAL?

Due to the large waiting times, the hospitals are unable to see all of their patients in a prompt time period. We have been asked by Leeds Teaching Hospitals if we could assist them as part of a waiting list initiative and perform procedures on some of their patients. Our waiting lists are substantially shorter than the hospitals as we are a community based unit and we pride ourselves in our patient care.

WHO ARE LIVINGCARE HEALTH SERVICES?

We provide a range of diagnostic and treatment services which has been developed in response to local demand and reflects the changing face of healthcare delivery as commissioners seek to improve patient accessibility. Our service has been running since 1994 and has grown in size and services working not just in Morley, but also in Beeston, East Leeds, and in Pontefract.

We see a variety of patients and we offer the following services: Diagnostic Endoscopy, Diagnostic Sigmoidoscopy and Haemorrhoid treatment, Diagnostic Colonoscopy, Gastroenterology Consultations, Urology Consultations and procedures, Ear, Nose and Throat consultations and procedures, Minor Surgery, Dermatology, Vasectomy and MRI.

All of these procedures are easily accessible by your GP and you can be seen at any of our centres with a referral.

If you are unable to make your appointment, please call 0113 249 4655 to cancel or rearrange.
