**A GUIDE
FOR
PATIENTS**

**PRODUCING A SEMEN SAMPLE
ARRANGING YOUR APPOINTMENT.**

ARRANGING YOUR APPOINTMENT.

- Telephone the appointment-line on 0113 206 7110 to arrange delivery of your sample. Appointments are available Monday to Friday after 8:45am and before 12:00 noon (excluding bank holidays).
- Please arrange your appointment as soon as possible as there can be a substantial wait for appointment slots.
- If you wish to produce your sample on site please indicate this at the time of arranging your appointment.

PRODUCTION OF SAMPLE.

- Please abstain from sexual activity that results in ejaculation (intercourse or masturbation) for 2-3 days, but no longer than 7 days.
- Your sample must be produced in the morning of your appointment, within one hour of sample delivery.
- Before producing your sample wash your hands and genitals with soap and water; ensure complete removal of all soap residues and dry thoroughly.
- Please ensure you collect the entire sample, by masturbation, directly into the sterile container provided (other containers are not acceptable). Do not use a sheath/condom for collection, as they are harmful to sperm.
- Please note: your sample will not be accepted if it is not complete.

Please contact the department to arrange a repeat appointment if you fail to collect the entire sample.

**MISSED PATIENT APPOINTMENTS
ARE COSTING THE NHS
A HUGE 7 BILLION POUNDS
PER YEAR!**

If you are unable to make your appointment - please contact us on 0113 249 4655 or text 07713 198617 and we will happily rearrange or cancel for you.

REQUEST FORM AND CONTAINER.

Please deliver your sample on the day and time of your appointment to:

**Histology Dept Andrology Unit,
Seacroft Hospital
Leeds, LS14 6UH
(Map shown on rear of leaflet)**

- If you produce your sample at home, please deliver it to the department within one hour of production. Samples more than one hour old are of no value.
- Please keep your sample warm by carrying it under clothing near to your body.
- Samples must not be sent by post or GP surgery carrier.

- You are required to produce one semen sample after a vasectomy. After the result of this you may be required to send further samples if active spermatozoa are present in the first sample. If this is necessary semen pots and forms will be sent to you in the post from Fountain Medical Centre, these subsequent samples will still need to be taken to Seacroft Hospital.

FOR FURTHER ADVICE.

Please contact the hospital on 0113 264 8164.
